Yes, you can register for an event outside of your chosen chapter.

- When you designate a chapter region in your profile you can receive eblasts about upcoming chapter events based on your preferred chapter region.
 - At this time, you are unable to apply two chapters to your profile. However you can add "secondary chapters" that you want to receive email communications about.
 - To register for an event outside of your chapter region, click on the "**Event Calendar**"
 - Events are listed by the event date, but you can also sort by event name, member networks, location or category.
 - Click on the event you want to register for and start the registration process.
