

Mobile App - Log In

Last Modified on 03/31/2022 8:55 am EDT

Logging in to the Higher Logic mobile app is a quick, two-step process. There is a slight difference when compared to logging in to your community site on the web, and we'll cover that in this article.

Steps

1. Enter the HBA's community domain: **community.hbanet.org**. Do not include "https" or "www"; provide the domain *only*.
2. Tap Next.

3. Enter your HBA account **email address** and **password**.
4. Tap **Login**.
